---

Fall 2014

Dear Parents:

I have the pleasure of informing you that all Woodall teachers are “Highly Qualified” for the 2014-2015 school year. This means that our teachers have met the state qualifications for the grade levels and subject areas taught. In addition, all Woodall teachers hold a valid, standard teaching certificate by the state of Oklahoma.

If your child is a PreK-4<sup>th</sup> Grade student or receives services through our Special Education Program then your child also receives assistance from one of our Paraprofessionals. All Paraprofessionals are also highly qualified in that they hold an Associate’s Degree or higher from college, have accumulated 60 or more college hours, or have taken and passed a state approved “Paraprofessional” test.

If you desire to know the particular baccalaureate degree and any other graduate certification degree held by your child’s teacher, and the precise subject area(s) of the teacher’s certification or degree, please contact the superintendent’s office at the number listed in the letterhead.

Also, at anytime, should a long-term substitute teacher be employed for a current teacher, you will be informed of such along with that teacher’s credentials as well.

Thank you for your continued support,

*Linda Clinkenbeard*
