Subject: Viewing Student Results in the Parent Portal

Greetings Families,

Families can now view their student's preliminary reports for the Oklahoma School Testing Program (OSTP) and College- and Career-Readiness Assessments (CCRA) in the OSTP Parent Portal. Please note that new enhancements have been made to the OSTP Parent Portal. One student can now be associated with up to three guardian or parent accounts and one parent account can be tied to multiple students. These enhancements to the OSTP Parent Portal require all users to create an account as a 'First Time User' beginning June 14, 2022.

To create an account in the OSTP Parent Portal, you will need your student's state testing number (STN) and date of birth.

You may create an OSTP Parent Portal account here:

- **OSTP Parent Portal:** <https://okparentportal.emetric.net>

Once on the OSTP Parent Portal site, users will enter the student's state testing number (STN) and date of birth, then click go. Then users will enter their email address and create a password for accessing the portal. Please contact Woodall Public School with any questions.
